## PROFESSIONAL SUMMARY

A fullstack developer with expertise in MERN Stack and design, as well as overseeing all facets of Software Development Life Cycle, from analysis and design to implementation and maintenance. My interest in software development started when it was introduced to me in high school after which it turned into a growing passion, learning new technology and exploring the field of IT has been really fulfilling and enjoyable.

## WORK HISTORY

May 2020 - May 2022

**Individual Trader and Fund Manager, MFF**

- Market Analysis (Technical and Fundamental)
